About Us

Vision

To impart to the next generation that is emerging, that will transform society in every possible way through excellence and righteousness.

Mission

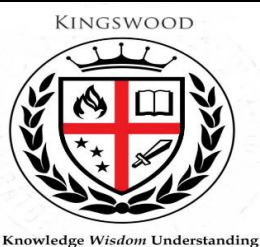

Living Word Kingswood School offers the best in Christian-based education.

Delivering the best for our students with pride, diligence and simplicity.

Ethos

As an independent, non-racial, co-educational school, Kingswood is especially valued by parents seeking for their children an academic environment that reflects Christian standards. Learners of all faiths and denominations are admitted. Daily assemblies and the weekly Christian celebrations form integral components of the school's ethos.

We want Christ Like ethics for all our learners and staff alike.
